

14th November 2019

Dear Parents and Carers,

As you are aware the school recently underwent an Ofsted inspection and I am pleased to announce that Wylde Green Primary remains a 'good' school. The report will be accompanied with this letter and will also be posted on the school website. It will be published on Ofsted's website from Tuesday 19th November. You may be aware that Ofsted recently changed the criteria that it uses to inspect schools. So we are particularly pleased that the leadership team have made a successful transition in preparing the school to achieve so well.

The governors would like to recognise what Mrs O'Toole and her team have accomplished since the previous inspection. Through their ambition, drive and commitment to the school and our children, they have delivered remarkable improvements to the quality of teaching, outcomes and provision at Wylde Green whilst maintaining a happy, caring and nurturing environment. This is recognised within the report:

"Pupils appreciate how school leaders and staff care for them."

"Parents express very positive views about their school. They see how the school's values help their children develop, both socially and academically."

"Staff help pupils to secure strong academic results and develop into good citizens."

"Leaders and governors are passionate about school improvement. They are determined that pupils attending Wylde Green should have the best education."

"Much has improved since the previous inspection."

School leaders will of course address any areas from the report to maximise the learning opportunities for the children of Wylde Green. In the meantime, we can be immensely proud of the school leaders, staff and children and their achievements. As governors, we can positively look forward to working with the school staff, to further improve the outcomes for our children.

Yours faithfully,

Mr Edward Pitt

Chair of the Governing Board.
